

Mother Nature's Teachers

Many critters get caught in fishing line and hooks thrown carelessly into the sea. Turtles tangled in fish nets struggle to get themselves free.

Pelicans and herons and egrets, dolphins and manatees. Are often injured by the trash that is tossed into the sea.

Please take only what you need and no more than that, and share. Remember do not litter anything! And be mindful because you care...

About our world and all its creatures whether they fly or swim or run.

Mother Nature needs good teachers. Won't you become one?!
